

Staff Report

TO: Honorable Mayor and Members of the City Council
FROM: Christopher Boatman, City Manager
BY: Steven D. Jones, Community Development Director
DATE: August 4, 2026
SUBJECT: Consideration of the Beaumont 2026 Sustainability Plan Public Hearing Continuance

Description: Request to continue a duly noticed public hearing to consider a resolution of the City Council of the City of Beaumont, California adopting the 2026 Beaumont Sustainability Plan as an update to the 2015 Climate Action Plan and an Addendum to Elevate Beaumont 20240 General Plan Program EIR.

Motion:

If the City Council determines that staff's recommendation is appropriate, the following motion is provided:

I move to continue the public hearing item regarding the Beaumont 2026 Sustainability Plan to the 2015 Climate Action Plan from tonight's agenda to a public hearing item of the regularly scheduled meeting of September 1, 2026.

Recommendation:

Staff recommends that the City Council continue the public hearing item to allow additional time for coordination, review, and refinement of the associated ordinance amendments. Further analysis is needed to ensure the proposed updates align with the 2015 Climate Action Plan, recent case law, community design objectives, and departmental recommendations. Continuing the item will ensure that all required findings and documentation are fully supported before returning the Sustainability Plan and related code amendments to the City Council for consideration.

Discussion:

The Beaumont 2026 Sustainability Plan was scheduled for public hearing and Council consideration as part of the City's ongoing efforts to update, align, and integrate long-range sustainability and climate-related planning documents. This includes

evaluating consistency with the adopted 2015 Climate Action Plan and determining potential updates or policy refinements needed to reflect current State requirements, departmental practices, and community priorities.

A public hearing was duly noticed for the City Council's consideration of an ordinance proposing amendments to the sign regulations within Title 17 of the Beaumont Municipal Code. Following publication of the notice, staff identified the need for additional review and coordination to ensure that the proposed text amendments are fully aligned with recent case law, community design objectives, and internal departmental recommendations. Additional time is needed to further refine the ordinance language, complete interdepartmental vetting, and confirm that all required analyses and findings are adequately supported prior to City Council consideration.

Fiscal Impact:

No fiscal impact is associated with continuing the item since the project was funded in 2023 and a balance still remains to cover the cost associated with processing.
