

Staff Report

TO: Honorable Mayor and Members of the City Council
FROM: Robert L. Vestal, City Engineer | Public Works Director
BY: Hugo Escobedo, Senior Engineer
DATE: August 18, 2026
SUBJECT: Offer of a Grant Deed for a Portion of Lot 89, Tract 31468-3, commonly referred to as Cherry Channel

Description: Offer of a Grant Deed for a Portion of Lot 89, Tract 31468-3, within the Sundance Community, for use as a drainage channel referred to as the Cherry Channel.

Motion:

If the City Council determines that staff's recommendation is appropriate, the following motion is provided:

I move to waive the full reading and adopt by title only, "A Resolution of the City of Beaumont Authorizing the Mayor to Accept the Grant Deed for a Portion of Lot 89 of Tract 31468-3 for Public Purposes"; Approve the Certificate of Acceptance; and record the Grant Deed documents with the Riverside County Clerk Recorder's Office.

Recommendation:

Staff recommends that the City Council accept a portion of Lot 89 of Sundance Tract No. 31468-3 associated with the Cherry Channel.

Discussion:

Tri Pointe has offered a Grant Deed for the westerly portion of Lot 89 of Sundance Tract No. 31468-3, coincident with the existing drainage channel. Lot 89 was created per Tract Map No. 31468-3, with an area of 16.1 acres. In 2006, a ~13.6-acre portion was conveyed to the Beaumont Unified School District via a grant deed for the development of Anna Haus Elementary School. The remaining ~2.5 acres is the portion proposed to be conveyed to the City.

The Cherry Channel parcels north of Lot 89 are owned and maintained by the City. On May 5, 2026, the City accepted grant deeds for the Sundance Planning Area 14 Detention Basin, including parcel APN 419-020-065 located south of Lot 89.

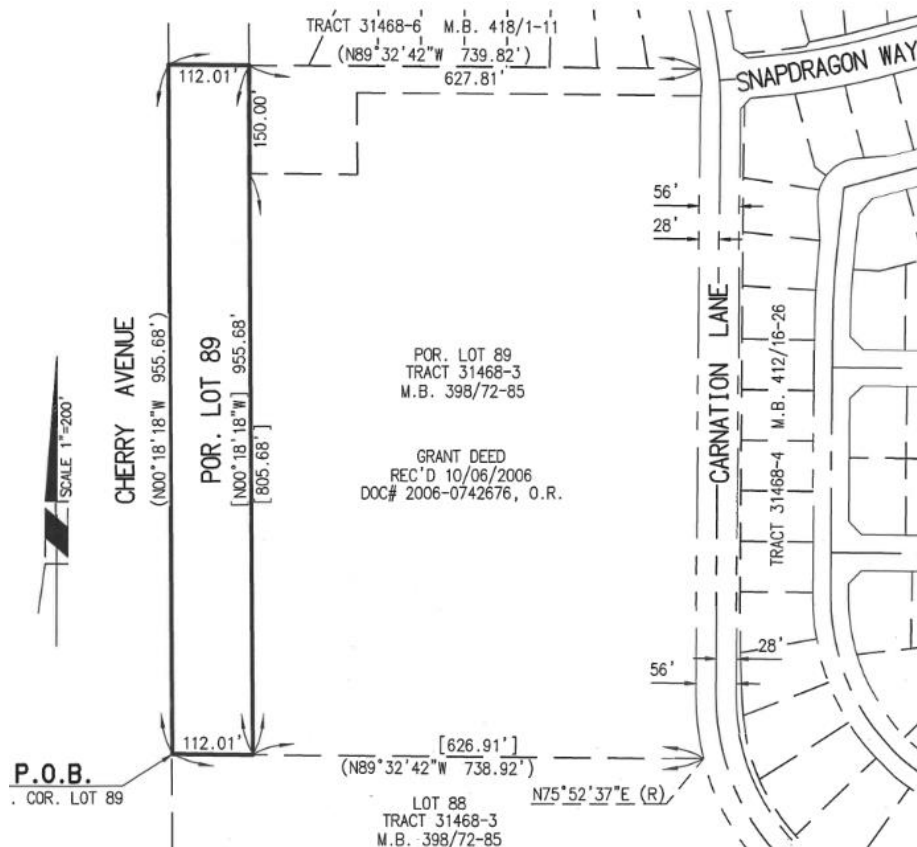

Figure 2 – Plat

The acceptance of the portion of Lot 89 would provide continuity of ownership between existing City-owned parcels to the north and basin facilities to the south.

Fiscal Impact:

There is no fiscal impact with the acceptance of the grant deed. The improvements are constructed and are currently being maintained through the City's Community Services operational budget. The value of the portion being conveyed to the City will be determined through an appraisal.
