SUBJECT: Offer of Dedication for Public Street and Public Utility Purposes

Description: Offer of Dedication for public right-of-way associated with the McClure Industrial project, between Viele Avenue and Grace Street (Plot Plan PP2020-0317).

Motion:

If the City Council determines that staff's recommendation is appropriate, the following motion is provided:

I move to waive the full reading and adopt by title only, "A Resolution of the City of Beaumont Authorizing the Mayor to Accept the Offer of Dedication for a Strip of Land Along First Street for Public Street and Public Utility Purposes"; Approve the Certificate of Acceptance; and record the Offer of Dedication documents with the Riverside County Clerk Recorder's Office.

Recommendation:

Staff recommends that the City Council accept public right-of-way along the northerly portion of First Street, between Veile Avenue and Grace Avenue. The offer of dedication is to satisfy the conditions of approval and dedicate right-of-way necessary to achieve the required 50-foot half-width right-of-way required per the General Plan.

Discussion:

On January 11, 2022, Planning Commission approved Plot Plan PP2020-0317 McClure Industrial (Project) to construct and operate a 16,823 square foot industrial building with three (3) suites located on 1.02 acres on the north side of First Street between Veile Avenue and Grace Avenue.

The Project was conditioned to construct street improvements along First Street, coincident with the project frontage. The improvements included the dedication of right-

of-way necessary to achieve the required 50-foot half-width right-of-way, as measured perpendicular to the centerline of record. The offer of dedication is to satisfy the conditions of approval and dedicate an easement for public street and public utility purposes to achieve the required right-of-way.

The Project has offered a strip of land in two separate offer of dedication documents, included as Attachment A for the westerly portion and Attachment B for the easterly portion. Refer to Figure 1 for Vicinity Map and Figures 2 and 3 for Plats.
